Verisk Nepal Pvt Ltd.

Dear Hiring Manager,

I am writing to express my keen interest in the Python Trainee position within your esteemed company, as advertised. With a Bachelor's degree in Electronics, Communication, and Information Engineering and a solid foundation in various programming languages and technologies, including Python, SQL and machine learning, I am enthusiastic about the opportunity to contribute to Verisk's mission of inspiring positive change through analytics solutions.

My academic background, coupled with hands-on experience as a Junior ML Engineer, Coding Instructor and experience of various personal projects has equipped me with the necessary skills to thrive in a dynamic and innovative environment. I have demonstrated proficiency in problem-solving, data analysis, and programming, along with a strong aptitude for learning and adapting to new technologies quickly.

What particularly excites me about this opportunity is the chance to immerse myself in Python, under the guidance of industry experts at Verisk. I am eager to leverage my skills and passion for technology to contribute meaningfully to the company's objectives while furthering my professional growth.

Verisk's focus on "Be Remarkable, Add Value, and Innovate" aligns with my values. I'm also attracted to your commitment to inclusivity, diversity, and continuous learning, showcased by your recognition as a Great Place to Work® and emphasis on innovation and employee growth.

I look forward to the opportunity to discuss how my background and aspirations align with the needs of your team.

Warm regards,

Bijaya Ghimire
